Poor Average Rankings

Average search position is 71.2 (aim for top 10)

Medium Priority Issues

Missing H1 Tag

Page https://synviz.com/ is missing an H1 tag

Thin Content

Page https://synviz.com/ has only 0 words (recommended: 300+)

Long Title Tag

Page https://www.synviz.com/betist-giris-guvenligi-hesabinizi-

korumanin-yollari/ has a title tag that's 81 characters (recommended: under 60)

Missing H1 Tag

Page https://www.synviz.com/betist-giris-guvenligi-hesabinizi-korumanin-yollari/ is missing an H1 tag

Thin Content

Page https://www.synviz.com/betist-giris-guvenligi-hesabinizi-korumanin-yollari/ has only 0 words (recommended: 300+)

Next Steps

Immediate Actions Required

- Continue working on keyword optimization and new content publishing in blog section

- Fix all issues related to page speed optimization

- Write Meta Descriptions for pages that do not meet the standards

- Write new Meta Descriptions for pages with duplicate meta descriptions

- Continue the submitted SEO Content Strategy to improve site content

- Optimize existing content with better keywords from submitted keyword research

- Fix Internal Links especially for pages that cannot be reached or are more than 3 clicks away from the homepage

- Optimize Important Pages that are not ranking

Key Objectives Moving Forward

To ensure continued success and sustainable growth:

- Strengthening organic search visibility for targeted keywords
- Implementing advanced content and link-building strategies to boost domain authority

- Optimizing conversion rate strategies to increase traffic

THANK YOU
